ABOUT RAGA' GELATO

Our Company's History

Coming from an Italian family living in Venezuela, we decided to return to the path our nonni had left behind in the middle of World War II and we returned to Abruzzo, Italy. After some time, we were completely immersed in the culinary culture and learned about flavours, aromas and textures. We fell in love with the Mediterranean cuisine and pastries (the best part of the Italian daily diet).

Our restless creative mind, knowing that it was in the house one of the most delicious, famous and widespread desserts in the world, then decided to embark on a career in the world of Gelato and start studies in Rome.

Since then, we have been creating in Italy, Germany, the USA and England (for over 10 years), determined to offer everyone high-quality gelatos and sorbets that will transport you back to Italy without buying a plane ticket.
