# ABOUT RAGA' GELATO

## Our Story

Raga' Gelato is a family-run artisanal gelato company based in London, founded in 2022 by Gabriel Di Donato, a young chef and entrepreneur whose passion for gastronomy has been shaped by the flavours, cultures and techniques he discovered after emigrating from Venezuela as a teenager. Built on authentic Italian gelato-making, natural ingredients and exceptional quality, Raga' Gelato creates products with care, character and attention to detail where every bite is an experience.

Our recipes are developed in-house, inspired by traditional Italian methods, personal experience and, in some flavours, that comforting touch of the nonna, simple, honest and full of warmth.

Since then, we have been creating in Italy, Germany, the USA, and England (for over 14 years), determined to offer everyone high-quality gelatos and sorbets that will transport you back to Italy without buying a plane ticket.
